Skynet Cabs

A Complete Ride-Hailing Solution

Skynet Cabs is an all-in-one, flexible ride-hailing platform that offers everything you need to make your ride experience easier, faster, and more convenient. From booking a ride to managing drivers and payments, Skynet Cabs delivers an intuitive solution for both passengers and drivers across Android, iOS, and Web Interfaces.

For Riders

- **Flexible Booking:**
  Book rides instantly or schedule up to 30 days in advance.
- **Wide Ride Options:**
  Choose from Cab, Truck, Bike, and more based on your need and budget.
- **Upfront Pricing:**
  Get accurate price estimates before booking.
- **Real-Time Tracking:**
  Track your driver's location and stay updated on arrivals.
- **Driver Ratings:**
  Choose drivers based on profiles, ratings, and reviews.
- **Payment Methods:**
  Manage multiple payment options and pay securely.
- **Ride History:**
  Access past trips, ratings, and payment history.
- **Favorite Destinations:**
  Save locations for quicker future bookings.

For Drivers

Easy Ride Management
Accept or reject ride requests.

Real-Time Navigation
Track customer location and get route guidance.

Earnings Tracking
Monitor your earnings.

Trip History
View past trips and ratings to track performance

Admin Dashboard

- **Manage Users & Drivers**
  Add, update, and remove drivers and passengers.
- **Booking Management**
  Add, update, and manage the bookings with ease.
- **Ride Monitoring**
  Track ongoing rides and drivers in real-time.
- **Earnings Reports**
  Access detailed earnings and payment reports.
- **Promo Codes & Settings**
  Offer discounts and manage platform settings.

Why Choose Skynet Cabs

Comprehensive
One platform for customers, drivers, and admin to handle all aspects of ride-hailing.

Transparent
Get upfront pricing, real-time tracking, and accurate fare calculations.

User-Friendly
Intuitive app interface for both riders and drivers.

Complete Control
Admin dashboard for managing users, fleet, earnings, and settings.

Secure
Safe payment processing and verified driver profiles ensure security for all users.

How It Works

- **Sign Up:**
  Register through the app or website.
- **Book or Accept a Ride:**
  Riders book, and drivers accept or reject requests.
- **Track & Navigate:**
  Real-time tracking for smooth rides.
- **Rate & Pay:**
  Rate the experience and make secure payments.
- **Manage Earnings:**
  Drivers track earnings and payouts.
